### FCC/User/Personal vs Tactical Calls

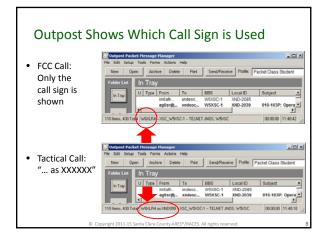

- FCC/User/Legal Call Sign
  - Identifies a single person as an operator
  - Follows the person
  - $\ \ Independent \ of assignment, function, etc.$
  - Used for check-in, check-out, personal requests
- In contrast, a Tactical Call identifies a location or function...

© Copyright 2011-15 Santa Clara County ARES\*/RACES. All rights reserved.

## FCC/User/Personal vs Tactical Calls

- Tactical Call Sign
  - Identifies a function or location
    - Shelter, fire station, EOC, Staging
  - Does not change when the operator changes
  - Used for activities of the location/function
  - Six characters long
    - Three letter prefix unique to the Served Agency
    - Three character suffix unique to the location
- Examples for Xanadu Drill City
  - XNDEOC XND001 XNDEV2

© Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved

### Manual Login with Tactical Call

- Call sign of TNC determines call sign that BBS sees for login/connect
  - TNC:
    - CMD: MYCALL W6XRL4
    - CMD: CONNECT W5XSC-1
  - W5XSC BBS: connects user and places in W6XRL4 mailbox
- To login manually (no Outpost) with a tactical call such as XNDEOC:
  - TNC:
    - CMD: MYCALL XNDEOC
    - CMD: CONNECT W5XSC-1
  - W5XSC BBS: connects user and places in XNDEOC mailbox

Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved

### Manual Login with Tactical Call - ID

- Need to ID every 10 minutes and at end of session. On TNC:
  - Disconnect from BBS
  - In command mode, type
  - − CMD: CONVerse ← Enters converse mode; whatever is typed is sent

FCC ID = W6XRL4; Tactical Call = XNDEOC

<CTRL-C> ← Returns to command mode

TMD:

At end of session, switch MYCALL back to normal: CMD: MYCALL W6XRL4

Handline Order (\*\*oran\*\* | Message Remeets Von Tot.\* | • Then type FORM SAGE FORM Per OMESSAGE FORM

### **PACKET OPERATIONS**

### **Packet Operator Field Activities Summary**

- Mobilize to Assignment Location
  - Use FCC call for communications
- Execute During Operational Period
  - Use Tactical Call for location message
  - Use FCC call for personal messages
- Demobilize and return home
  - Use FCC call for communications

### Mobilize To Assignment

- Upon arrival at the site
  - Sign in on ICS 211 Check In List
  - Check in with site supervisor
  - Update your 214
- Get briefing from previous operator
- Assess packet equipment
- Radio settings and connections
  - TNC settings
- Check in to assigned voice net

© Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved

### Prepare/Check Outpost

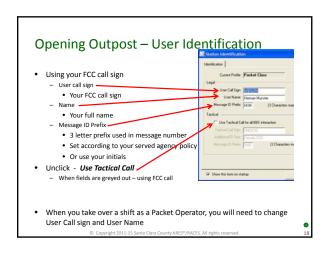

- Check Outpost settings before transmitting
  - Correct BBS
  - Frequency
  - TNC settings
- If emergency, remove "xsctest" from bulletin list
- If needed, set up your User Identification with your Tactical Call for the Served Agency check in message

O Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved.

### Served Agency Check In Message

- Begin the Operational Period with a packet check in message to the Served Agency
- Send a text message using your assigned (Tactical or FCC) call sign with the following information
  - Name and Call of Packet Operator
  - Name and Tactical call of Packet Station, if used
  - Time the packet station was operational
- Update personal 214
- Do a "Send/Receive" to get any pending messages and bulletins
- Begin operations

© Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved.

### **During Operational Period**

- Send, receive, process packet messages
- Check for new bulletins and follow any new instructions
- Maintain voice radio contact
- Maintain ICS 214 Unit Log
- If prolonged period of inactivity (30+ minutes)
  - Perform a "Send/Receive" operation to verify connection with BBS
  - Message not needed
- · Report any problems as instructed
  - Site supervisor
  - Voice net

© Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved.

### Demobilization

- Send a text message to the Served Agency using your assigned (Tactical or FCC) call sign
  - Name and Call of Packet Operator
  - Name/Tactical call of Packet Station, if used
  - Time the packet station is assigned to a new operator
- Time the packet station is being deactivated
- Brief the incoming operator
- Paperwork!
- · Check out with site supervisor
- Sign out on the Site ICS 211
- Update your ICS 214

© Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved.

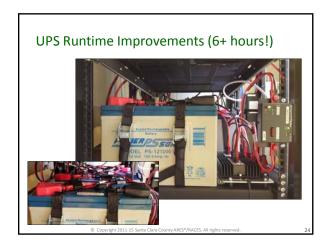

## NETWORK INFRASTRUCTURE IMPROVEMENTS

© Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved.

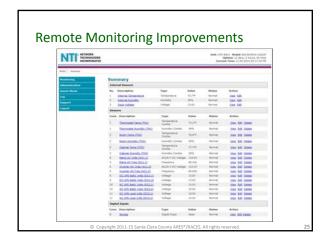

### Key Focus in 2015

- Backbone redundancy, prep for higher speed access
  - Each site to have at least two high-speed (n \* 10 Mbps) links
  - Upgraded link between W2XSC and W4XSC (80 Mbps)
  - $-\,$  ½ competed new link between W2XSC and W1XSC
  - Still looking for new site in NW part of county for W3XSC
- Hardened backbone sites
  - Improved routing infrastructure
  - Improved UPS runtime in the event of a generator failure
    - Result: 6+ hours of battery runtime at Crystal Peak
  - Frazier Peak is next
  - Improved remote sensor infrastructure

12/10/2015 2015 Year End Summary

### **Relief Briefings**

- All defined in the "Performance Standards and Best Practices"
  - Assignment, activation number
  - Served agency, person in charge, how recognized
  - Frequencies, tactical calls, locations, contact numbers
  - Who to contact regularly
  - Radio, power supply, antenna information
  - Nearest telephone: location and number, how to dial out
  - Location of toilet, water, food, first aid, and other supplies
  - Summary of previous operational period
  - Current status of: people, resources, incident
  - Pending issues for next operational period
  - Introduce replacement to rest of team

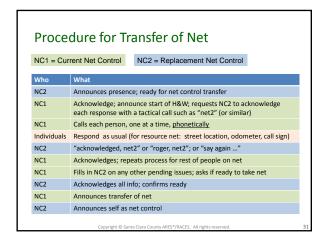

### Local Net Transfer/Handing-off

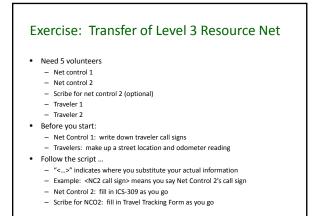

- For local hand-off with single net control operator
  - Relief operator can work as scribe briefly, just prior to hand-off
- · For local hand-off with net control & scribe team
  - Replacement arrives early, familiarizes self with location
  - Replacement receives briefing from shift supervisor
  - Net Control runs net solo while scribe briefs replacement with details
  - Scribe catches up on anything missed
  - Net Control announces shift change, stand by for 30 seconds
  - Scribe slides into net control seat; replacement slides into scribe seat
  - Replacement → Scribe → Net Control → Break
  - Announce that net is resumed

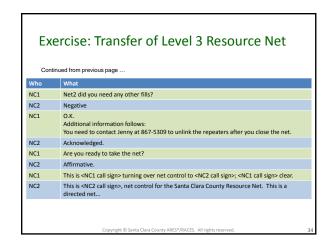

### Remote Net Transfer/Hand-off

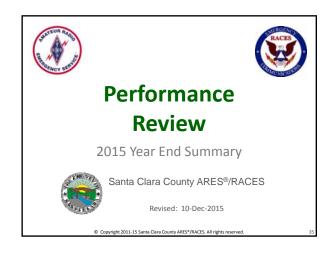

- You may need to transfer a net to a remote net control
  - Initial resource net control transfer to EOC or event location
  - Hand off to a more experienced net control operator
  - Evacuation of net control location
- Information to transfer
  - Current status of all who are checked into net
    - Resource Net transfer involves current en route status information
  - Any other instructions as may be necessary; see relief briefing list
- Key points
  - Priority One: Maximize accuracy; losing someone is not an option!
  - Priority Two: Minimize transfer time
  - Always use good communications techniques: 5 words at a time; proper pro-words; pause before speaking; eliminate need for repeats

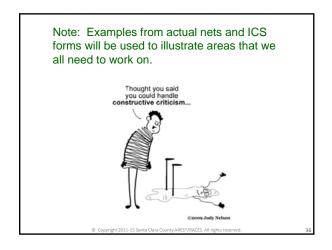

### Exercise: Transfer of Level 3 Resource Net Net control, this is <NC2 call sign>, ready for net control transfer NC2 NC1 <NC2 call sign> roger; Break; I will now conduct a H&W check; when I call you, respond with street location, odometer and your call sign; <NC2 call sign> I want you to acknowledge each response as tactical call "net2" NC2 <traveler 1 call sign spelled phonetically>, health and welfare <Respond with your street location, odometer, call sign> Traveler 1 NC2 Roger, net2 NC1 Acknowledged. <traveler 2 call sign spelled phonetically> Traveler 2 <Respond with street location, odometer, call sign> NC2 Say again odometer Traveler 2 < Respond with odometer> NC2 Roger, net2 NC1 Health and welfare check complete Continued on next page ...

## On-Air Performance Review

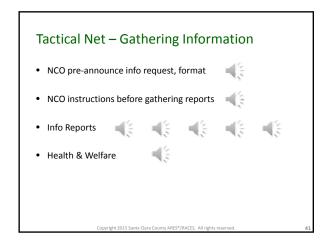

2015 Year End Summary

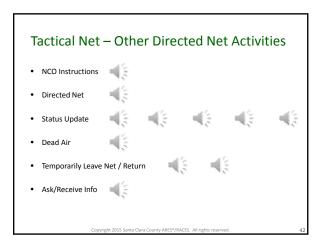

© Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved.

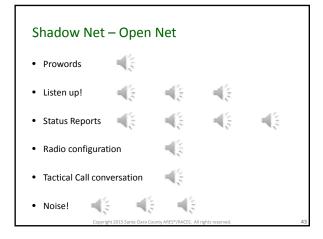

## Instructions • Listen to each recording • Give a thumbs-up if it was properly done • Give a thumbs-down if it could be improved • Be ready to justify your opinion • If it can be improved, how would you say it better?

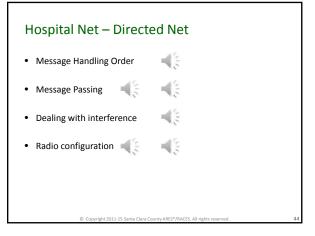

# Resource Net • Net Control Instructions • Check-In • Check-Out Copyright 2015 Santa Clara County ARES\*/RACES, All rights reserved.

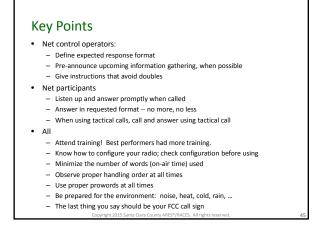

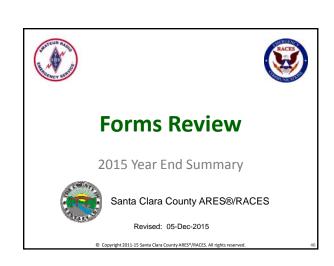

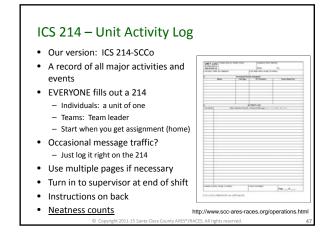

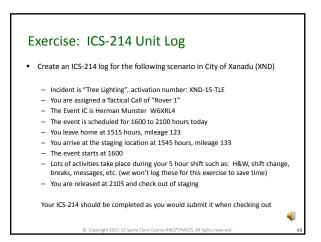

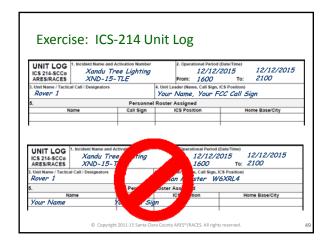

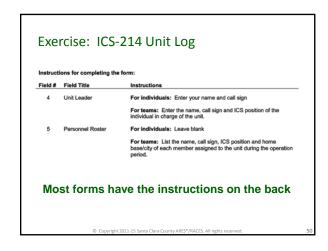

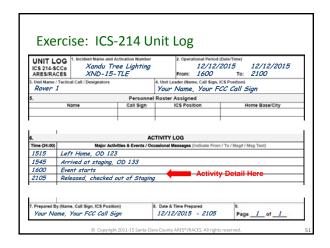

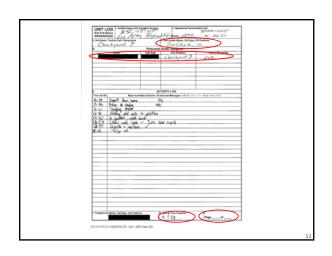

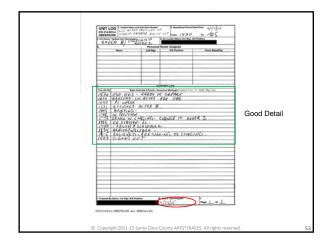

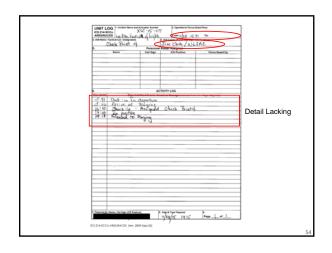

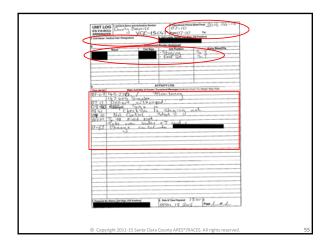

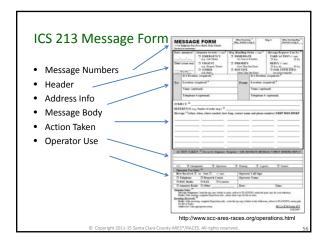

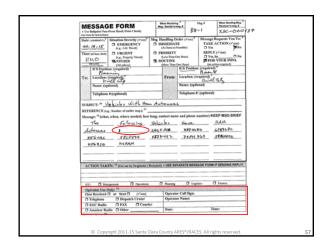

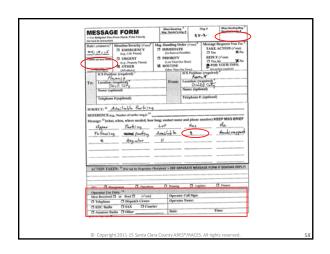

2015 Year End Summary 12/10/2015

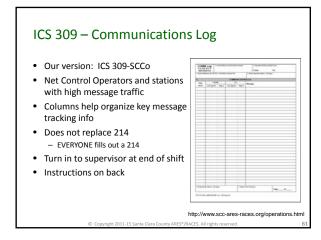

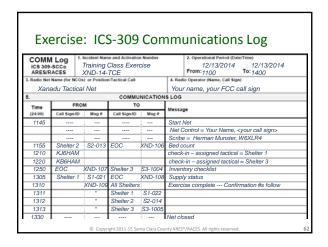

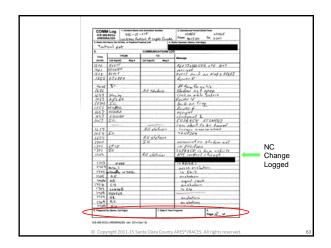

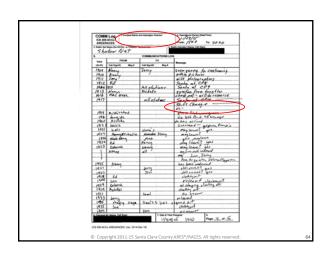

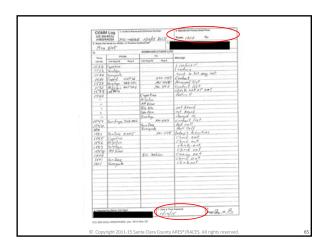

60

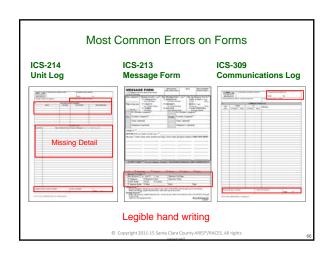

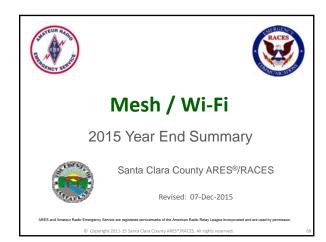

### Mesh / Wi-Fi Review

- March 2015 Mesh / Wi-Fi Workshop with 33 participants
- Discussed
  - IP Networking basics
  - Discussed hardware available to use
  - VOIP phones
  - Power over Ethernet (POE)
  - Frequencies
  - Part 15 vs Part 97 considerations
  - Hands-on exercises

Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved.

### Mesh / Wi-Fi Review

- County Wide Drill April
  - One aspect of the exercise provided hands-on use of a Mesh Network
- Milpitas BBQ Festival May
  - 3 Ticket Booths with Mesh nodes, VOIP phones, and cameras
  - Command post with Asterisk PBX, VOIP Phones, video display
- Sunnyvale
  - Workshop: May and July 8 plus nodes, VOIP phones, Asterisk PBX
  - Field Day: June 4 nodes with cameras and VOIP phones
  - SNAP Graduation: October 2 nodes with phones, voicemail, 1 camera
  - Joint workshop with Cupertino: August

© Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved.

### Mesh / Wi-Fi Review

- Cupertino SCC Sheriff's Heroes 5K Run November
  - 6 locations
  - Mesh nodes, VOIP phones, cameras, Asterisk PBX
- A Mesh / Wi-Fi workshop is scheduled for June 2016

### **Training Plans 2016**

2015 Year End Summary

Santa Clara County ARES®/RACES

Revised: 06-Dec-2015

and Amateur Radio Emergency Service are registered servicemarks of the American Radio Relay League Incorporated and are used by permission

© Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved.

### Training Plans For 2016

- Intro and Fundamentals Class offered 3 times each year
  - Maintain reasonable class size
  - Location 2 in Mtn. View and 1 in Sunnyvale
- Field Ops reduced to one class rather than two
  - Fundamentals Class is now a prerequisite
  - Much of the material from Fundamentals was duplicated in this class
- Planning class to be rewritten
  - More realistic examples and exercises
- Discussion about a Leadership Course/Workshop for ECs/AECs
  - Vour idoas walsomo

© Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved.

### **END TRAINING UPDATES**

© Copyright 2011-15 Santa Clara County ARES®/RACES. All rights reserved.

### **Thank You!**

We look forward to seeing you again next year:
Classes, drills, events, ...
